

Applets

- Executing GUI (**AWT**) Applications on Web(**HTML**).

Applet

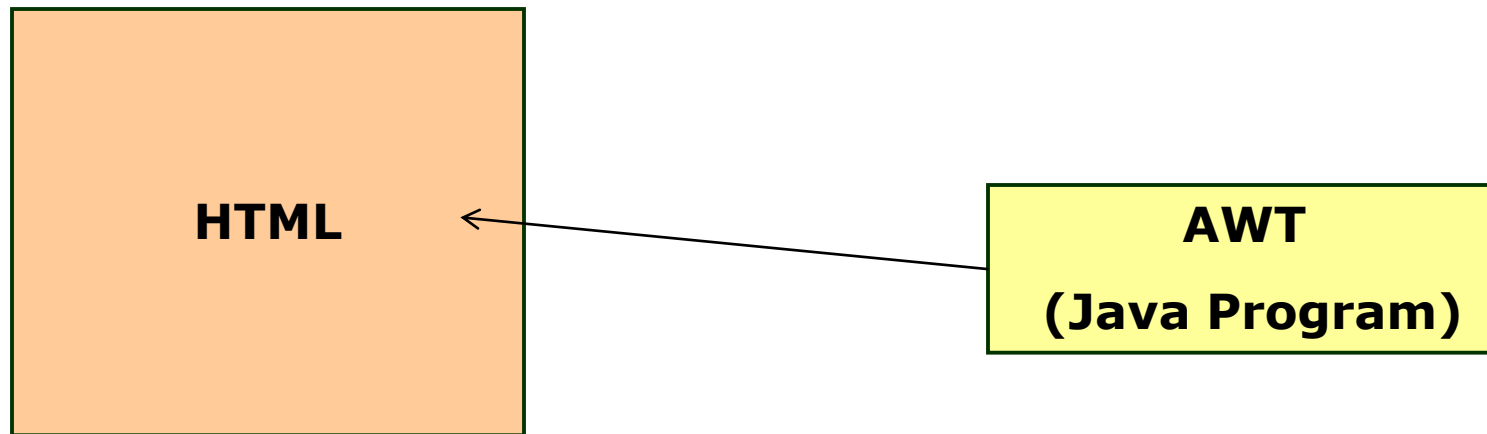

The diagram consists of two rectangular boxes. On the left is a larger orange box with a black border, containing the text 'HTML'. To its right is a smaller yellow box, also with a black border, containing the text 'AWT (Java Program)'. The boxes are positioned on a white background, with a thin orange line at the top and bottom of the slide.

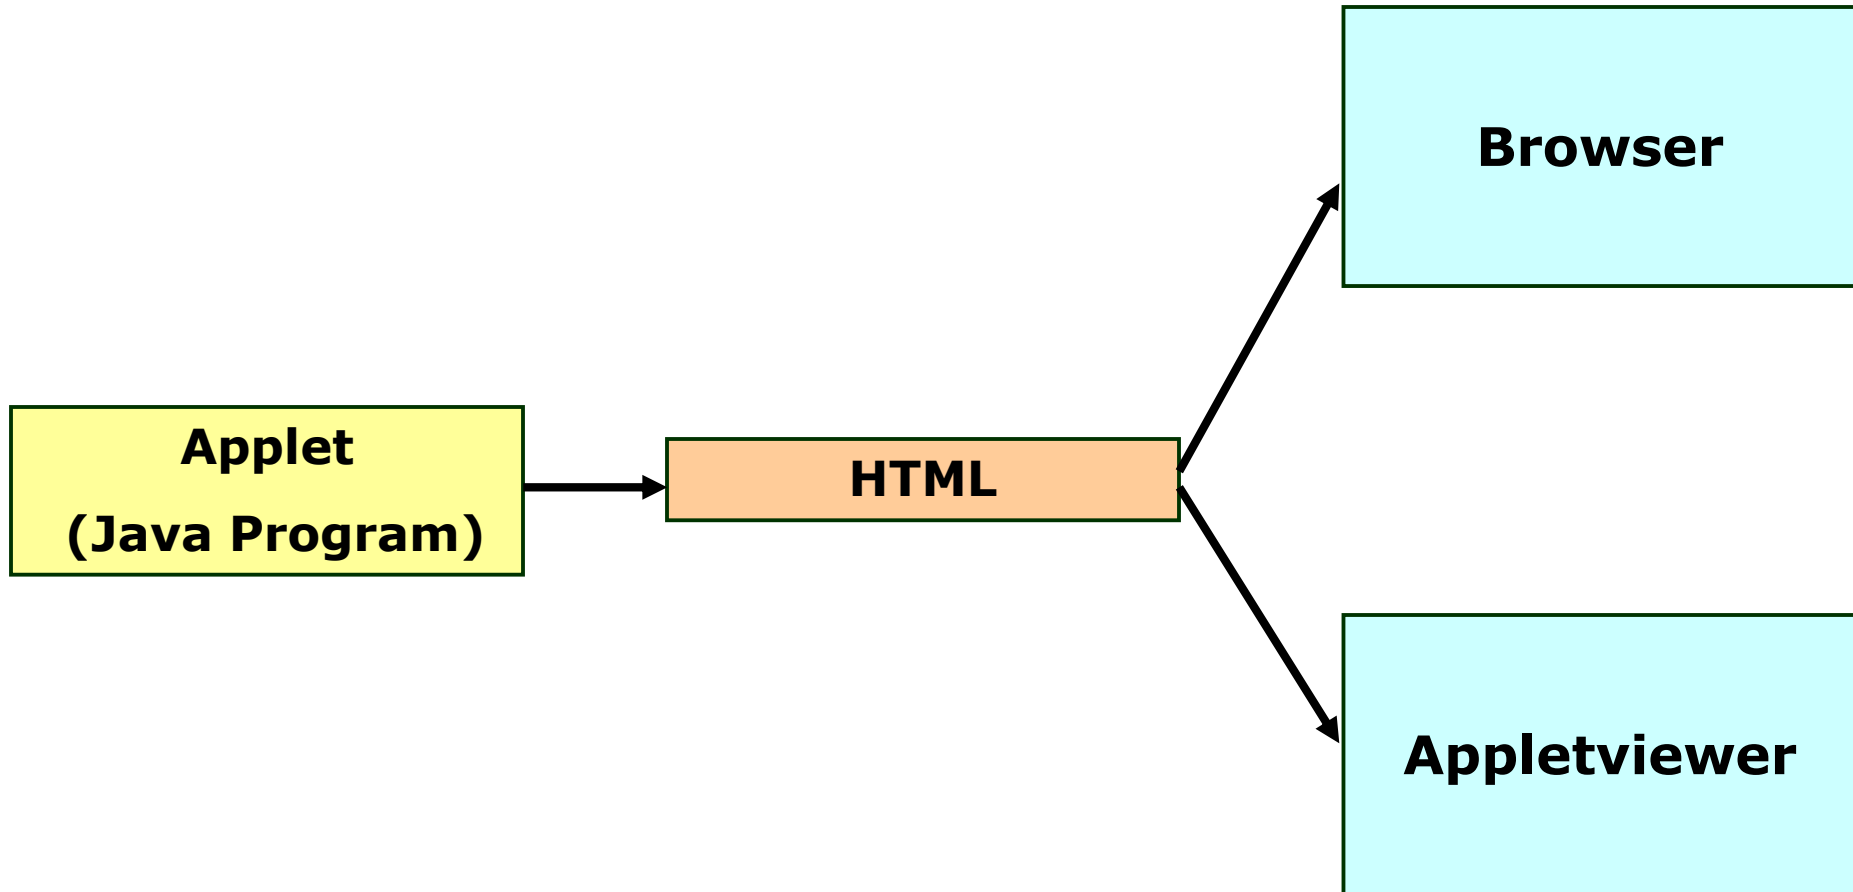

HTML

AWT
(Java Program)

Applet

Applet

Applet Html Tag

```
<applet      code="Demo.class"  
             codebase="" "  
             width="400"  
             height="300">  
</applet>
```

Applet

- `java.applet.*;`

Applet

Applet class

```
class Applet
{
    public void init()
    public void start()
    public void stop()
    public void destroy()
}
```
